

The Borderland

What Where When

2019 JOMO Guide

Welcome to the Borderland 2019 FOMO-less What Where When Guide

New Event?

A more up-to-date version of this guide is available on your pocket calculator:

<https://guide.theborderland.se/>

It works offline, so you do not have to be connected to the Internet to use it (and risk getting work emails or worried calls from your mum).

You can add it to your home screen so you don't even have to open a browser:

- On Android: Using a recent version of Chrome, just click the "Add to Home Screen" on the bottom of the page.
- On iOS: In Safari, click the Share button and then "Add to Home Screen" (bottom row, maybe scroll to the right).

If you need to make changes to an event, or create a new event, you can do that in the app (check the About screen) - or you could go to The Port. They have a noticeboard where you can write all kinds of funny stuff. You should also consider announcing changes at the camp listed for your event in the guide.

Adult Only Events

The content in this guide and at the Borderland is provided by you — the participants. If you're easily flustered or otherwise of a sensitive nature, please take care to read the descriptions and heed warnings. Smelling salts are available at the sanctuary.

If you're the guardian of one of the smaller Borderlings, this applies especially to you.

Remember that consent is both sexy and mandatory, take nothing less than a clearly given "Hell Yes!" as consent before touching, photographing or otherwise engaging with someone else's body.

Camps, Maps and Locations

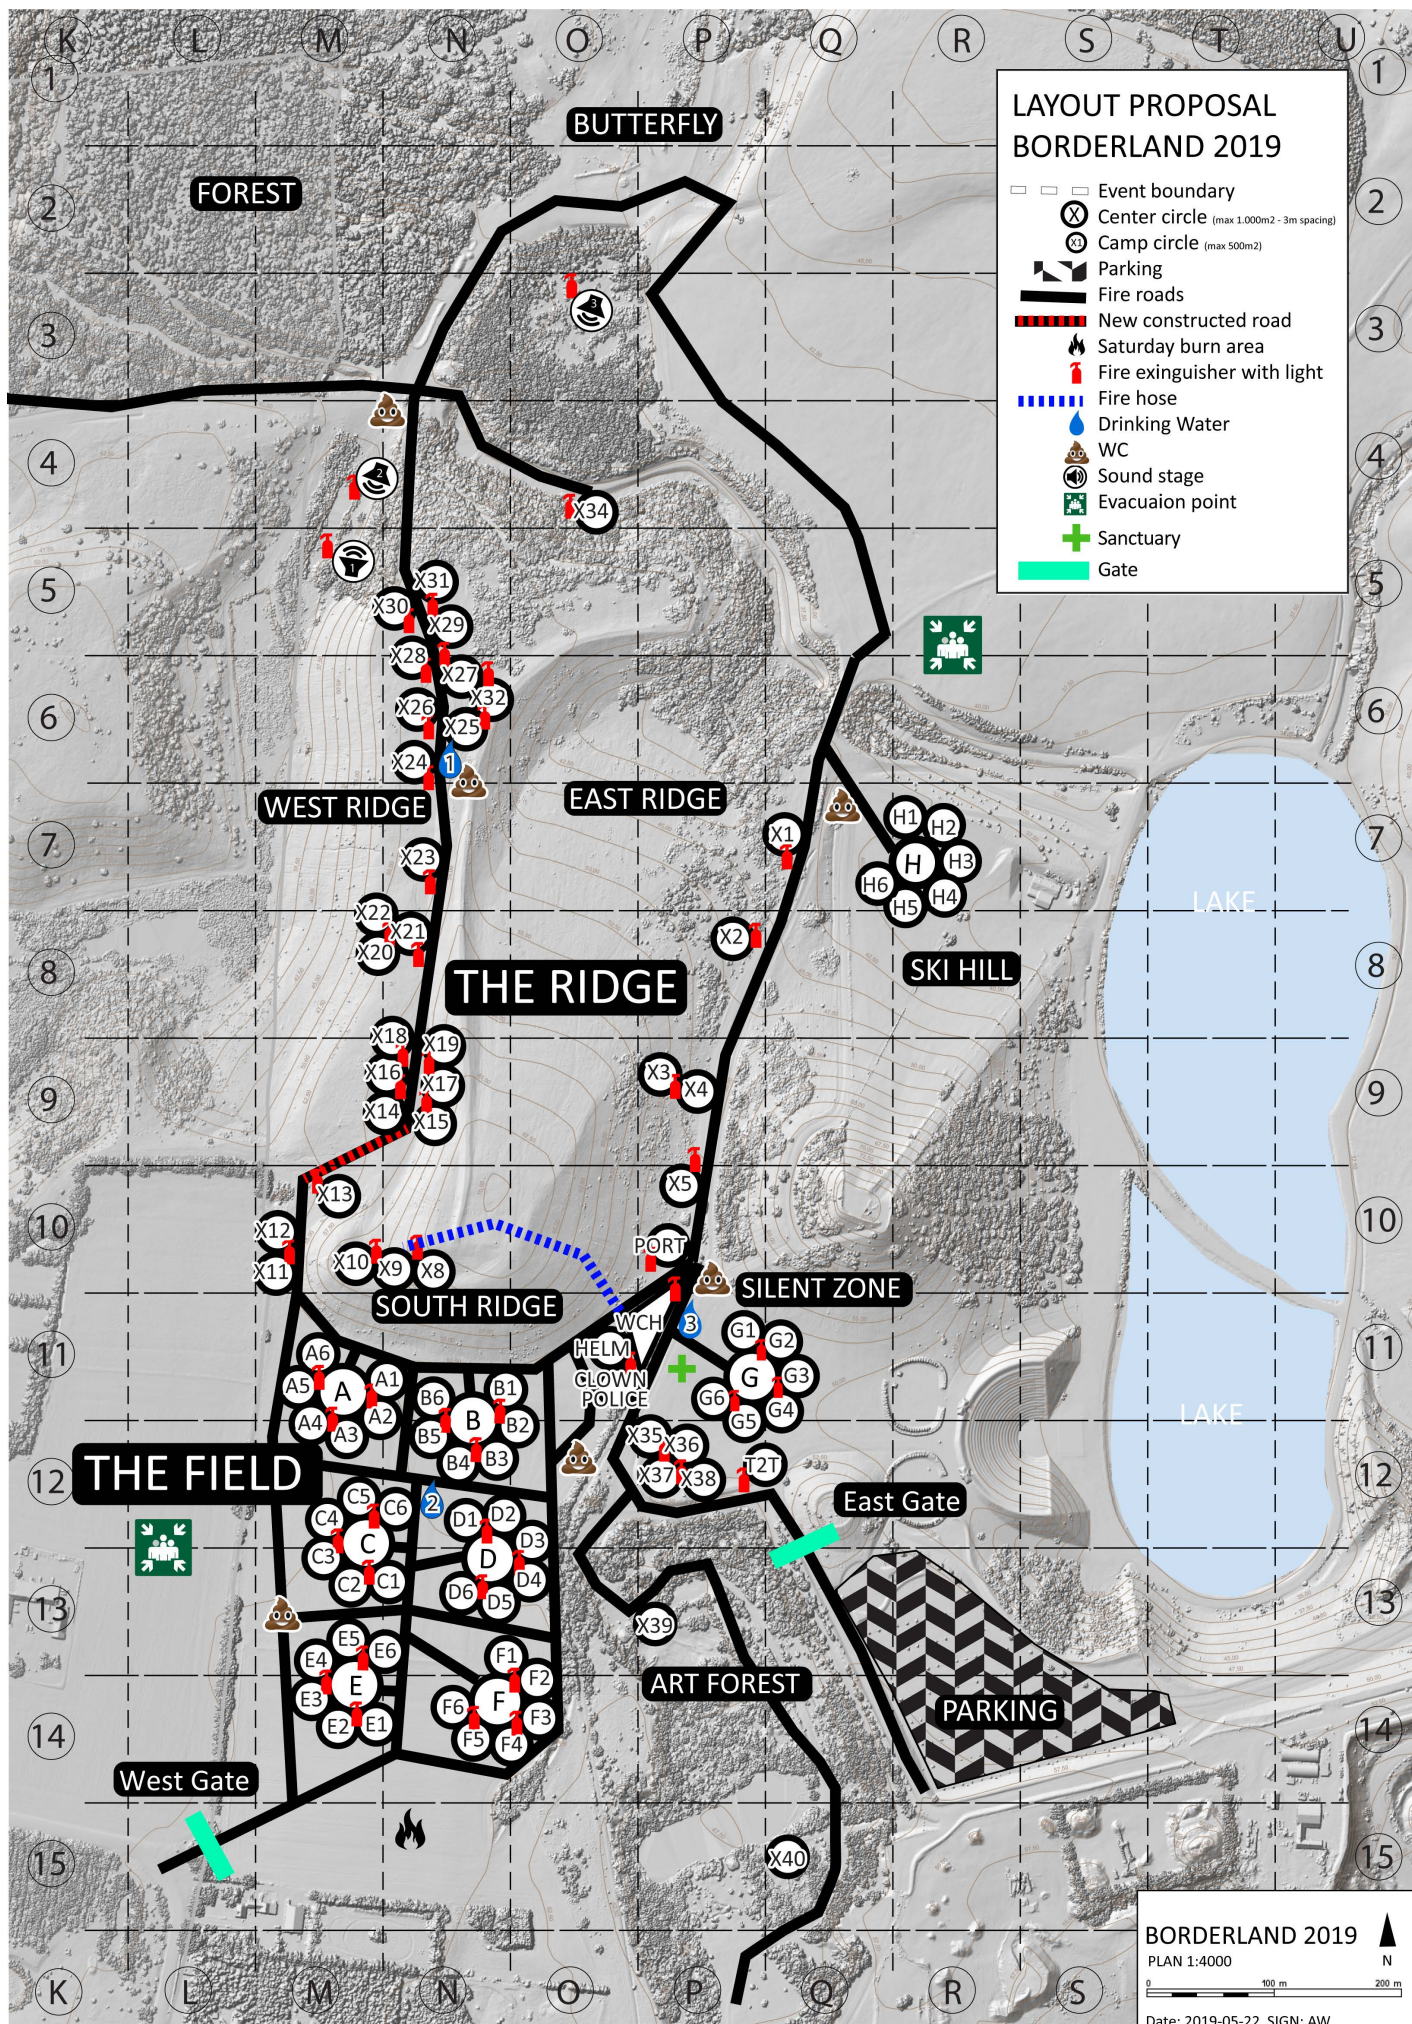

The map and list of locations and events provided within this Guide are correct at the point of publication, but things might change, move or not happen due to event host discretion, state of sobriety and movements of the planets. If you're unsure of anything then please, before asking, try turning it off and on again.

Love you xoxo,

Kris, Xavier, Khromo

What is health? and how it connects to spirituality

At [TEMPLE OF VISIONS](#) from **14:00 – 15:00**

Wed. [Family Friendly Workshop/Class](#) by [Kiers](#)

Health is not the absence of disease; That would be like saying light is the absence of darkness. Health is not the absence, but the presence of something that can heal us on an individual and collective level. What's present in health and what's missing in a disease? A presentation about the misunderstanding of disease, which leads to a victimization of the sick and the disability of true healing.

Heart Circle

At [Radical faerie Wonderland](#) from **14:00 – 16:00**

Wed, Sat. [Family Friendly Care/Support](#) by [Delicious](#)

Pause for a second and put aside the madness of Borderland and the banal world for a soothing group moment. People are invited to drop into themselves and share heartfelt emotions to a small group in total confidentiality. There is no response from the audience, just deep listening and the ability for you to speak your mind so you're heard, acknowledged, and thereby affirmed. (host : Delicious)
